### UNIFORMED SECURITY SERVICES

Today's security industry typically bids on and receives contract awards based on a competitive bidding environment. Unfortunately this process has drastically reduced the quality of the private security industry. Diplomatic Tactical Services Inc. **does not** participate in bidding for contracts unless the client is setting the qualification and training standards for the officers to be assigned to the contract.

Bid requests that set sub-standard qualifications and training requirements are responded to with our "in house" standards only. Diplomatic Tactical Services Inc. will always meet the training and qualification requirements of our clients as long as they meet and/or exceed our standards. Diplomatic will **not** lower our standards in order to win a bid on economic grounds.

**Diplomatic Tactical Services Inc.** has a business plan that sets a small steady growth in order to guarantee quality and Industry leadership. Diplomatic Tactical Services Inc. will always strive to be the **very best** in the industry.

**Diplomatic Tactical Services Inc.** provides our clients with the industry's leading Security officers. No other local, national or international firm provides officers of a higher caliber. All officers meet or exceed the following:

#### Minimum Criteria

- State Licensed Security Officer
- State Licensed "G" Firearms holder
- State licensed Private Investigator
- Certified Bodyguard (by Florida's leading Bodyguard training school)
- CPR qualified
- Former Military, Law Enforcement or college graduate
- Screened by Psychological exam
- Screened by written skills test
- Screened by physical skills test

*Many of our Officers bring individual skills to the company such as Paramedic, EMT, Marine Safety officer, Unlimited Master "Ship Captain" Swat Instructor, Interview and Interrogation Specialist and NRA Firearms Instructor.*
